

A Savior Came For Me

Words and Music by Wayne Campbell

Verse 1

On a cold and lonely night

Where a star shown so bright

In a manger full of hay

Was born a babe...

Pre-Chorus

And when the three wise men

came and bowed on bended knee,

They raised their hands and voices

and sang to the glory to the king...

Chorus

Love came down and wore a crown

A babe for all the world to see

Love came down and wore a crown

A Savior came for me!

For all the ways I can't conceive

You chose to love and chose to give

**You saw the worst there was in me
Yet sent your son so I might live!**

Verse 2

**On quiet lonely hill
There stands a cross where love came down
A sacrifice was made
Grace and love abounds...**

Pre-Chorus

**And when the veil was torn
You gave more than you had to give
The burden was born through unfailing love
So humanity could live**

Bridge/Outro

**Hallelujah to my savior!
You are great in majesty and splendor!
More than I could hope our dream
And as this moment passes me
My heart's eclipsed by your grace
With all to loose and none to gain
You came from heaven as a little babe**

To save a soul in desperate need...

I'm in desperate need!

Hallelujah - a savior came for me!!!
